

WHEEL WASHING FACILITY BEFORE LEAVING SITE.

There may be some residual dirt on wheels which is unavoidable but we have a road sweeper attend regularly to clean the road outside the site. Thank you for your patience.

Waxwell Lane Newsletter Update

FEBRUARY 2020 | ISSUE 2

Dear Neighbour,

WAXWELL LANE CAR PARK REDEVELOPMENT - UPDATE ON WORKS:

- The piles for the foundation support are complete and the piling rig was removed for site 29/01/20.
- Ongoing works for the next two weeks include the removal of the tarmac for recycling and reuse elsewhere, removal of the remaining trees to the eastern and southern boundaries and stump grinding where necessary at the boundary and fence line.
- After removal of the tarmac we will commence reduced excavation of the sub soil for the concrete ground beam foundations.
- Steel reinforcement cages for the foundations will start to appear toward the end of the month.
- Additional signs will be erected at the Uxbridge Rd junction, as additional confirmation that HGV access via Bridge St only.
- On completion of the temporary mains water connection, 15/02/20, the small self-contained welfare unit will be removed, allowing a bit more site storage space.

The timing of the planned work may be subject to change due to poor weather conditions and other unforeseen circumstances, but we will provide regular newsletters to update local residents as information becomes available. Please feel free to contact us via the details below with any questions.

Contact details

SCOTT MCGUIRE
Contracts Manager
07469 850655

ROB COOKE
Project Manager
07823 344765

SUSAN MAYER
