

Are you able to spend a couple of hours a week keeping the notice boards up to date?

The notice boards are in the following locations:-

- Sainsbury's entrance
- Marks and Spencer's
- Pinner Underground station
- West House opposite the Heath Robinson Museum.

We are always looking for people to help distribute The Villager Magazine

- This happens three times a year in March July & November.
- It's a great way to meet your neighbours.
- For some of our members that don't pay by direct, we would like you to collect their membership fees

Have brilliant organisational skills and have a computer with Excel.

- We are looking for team leaders that co-ordinate the distribution of The Villager Magazine
- Want to go the whole hog and have time – what about becoming membership secretary?

Interested in the environment and our local parks

- Why not become our eyes and ears for the parks. Our Portfolio for Environmental members aren't always able to keep an eye on what is happening. It might be that your daily walk includes Montesole playing fields, the Rec or Little Common. We would welcome your updates on an informal basis.

Band Concert Volunteers

- Yes, I know that the concerts aren't being held this year, but we are always looking for active people to help set up and pack away.
- Not so active we always need stewards to help at the concerts. Some of our stewards need to sit. (That's fine as long as you don't fall asleep!)

Budding journalists

- Have you got a flare for reporting, we can also do with a hand getting information posted on our website, Facebook page and twitter.
 - Since the lockdown, we have posted over 100 posts to do with our local community. It's not normally this busy
 - Not used a website to publish information before. Don't worry – training can be provided

Still not certain what you would like to do? Why not attend one of our committee meetings when we can safely hold them and see what else we get up to. It's how I started.

What's the criteria? We are a non-political organisation and all that we ask is that you are passionate about Pinner and able to help.

Interested? Leave a message or email us on posters@pinnerassociation.co.uk. We are happy to talk to you and answer any questions you might have.
